DYNAMICS GP EXTERNAL SHORTCUTS SAVE YOU TIME EVERY DAY

Instead of moving back and forth from Microsoft Dynamics GP to another Microsoft application, you can install a shortcut to external applications on your Shortcut Bar. Here's how:

- Open Microsoft Dynamics GP.
- Right-click on the Shortcuts folder on you Home page.
- Select Add. Select Add External Shortcut.
- Enter a name for your shortcut.
- From this window, you can browse your computer for the application (e.g., Excel). Just click on the Browse button to see your computer's folders, files and drives.
- Highlight the application at its location.
- Click Add. Click Done.

through use of responsive web design.

k-eCommerce solutions are quick and easy to deploy on premise or in our PCI Certified private cloud.

k-eCommerce also provides secure PA-DSS certified credit card/ACH processing and an online bill pay portal.

Microsoft Dynamics GP 2013 R2 has been released, and it's time to start planning your upgrade to Microsoft Dynamics GP 2013, if you have not already. If you're already running Dynamics GP 2013, it's time to think about applying R2. Not only will there be quality report fixes with GP 2013 R2, but also MORE FEATURES, another reason to upgrade.

Here are just a few of the new features:

- Checkbook IDs on Cash Receipt - Display the checkbook on the cash receipt inquiry window
- Print remaining documents for email - Print and email in one step - available for e-mail batch processes and e-mail statement processes
- Reconcile bank without marking the transaction - Enables you to maintain audit trails for inactive checkbooks
- Set default sort order for checks - Save time running checks by sorting by payment number, name, state-city, or zip

In addition to the new features in Dynamics GP 2013 R2, there are updates to identity management, workflows, and the release of companion apps. Click on [this link](#) to view the new features video series.

Please give us a call if you have questions or would like help installing Dynamics GP 2013 R2.
